Burhani
Dubai
UAE

Dear Team:

On behalf of Brag Events FZ-LLC and FFWD FZ-LLC, as their main point of contact for IT services, I would like to extend my commendation to your whole team for the job well done.

Mr. Ali Shabeer has been taking good care of our account. He's been really attentive with our requirements, efficiently liaising with other departments to complete our requirements. He would also check on us if we are facing issues that we can be helped with.

The technical team has been continually supportive and quick to respond when needed. Mr. Kamran Syed Arshad worked on our requirements without minding how long it took. He effectively communicated technical terms to us until we reach understanding.

We also appreciate Mr. Mohammed Yusuf's continuous support and assistance in taking care of us ever since we considered Burhani to become our IT services provider.

Last but not the least, we'd like to commend Vinita from Sales for her ever quick response whenever we ask for quotes. I was told by the previous person coordinating with Burhani that if I need to get quotes ASAP, I should specifically ask Vinita.

We have nothing but kind words for Burhani. We are truly happy and satisfied with your hard work, quick response and turnaround time, agreeable costs, and consistent work quality.

We look forward to lengthening our relationship with Burhani as we are confident that the quality will never fade.

Sincerely,

Karen Anne Candelario
Admin Coordinator
